WORK EXPERIENCE

Founder, Full Stack Developer - Zynclabs

09/2023 - Present (2yr+)

- Founded **Zynclabs** from scratch and **built 5 SaaS apps** to promote merchants sales and drive business growth on the Shopify eco system. The company accelerated in 2024.
- Led **full-stack development** of scalable SaaS apps using **Node.js, React, MongoDB, RabbitMQ, and Docker**, within a microservices architecture.
- Developed AI-powered features and real-time analytics dashboards leveraging **WebSockets** and **OpenAI API**, enhancing user engagement that made the apps more intuitive to use.
- **Rated 4.9/5 ★ in Shopify app store** - apps.shopify.com/partners/zynclabs

Full Stack Developer - Conversion Bear (Acq. by AppHub)

08/2021 - 09/2023 (2yr+)

- Developed intuitive UIs with **React** and managed application state using **Redux**, streamlining front-end workflows.
- Built robust server-side applications with **Node.js** and **Express**, creating APIs for seamless integration with services.
- Designed and **optimized MongoDB** schemas and queries, enhancing database performance and scalability.

QA Engineer - Orbotech (Acq. by KLA)

09/2020 - 08/2021 (1yr)

- Designed and tested advanced Automated Optical machines for the PCB industry, ensuring software reliability.
- Proactively identified and resolved a **critical defect** outside of core responsibilities, preventing costly camera failures and saving the company approximately **\$30K+**.

EDUCATION

BSc. Computer Science, Open University | GPA: 84

2021 - 2024

- Gained hands-on experience through **Microsoft Internship** in Cloud Applications course.
- Key coursework: **Algorithms Seminar, Computer Vision, Defensive programming, Software security, Advanced Java**

Nachshon Tech High School – 10 Units Computer Science | 5 Units Math | 5 Units English

MILITARY SERVICE

Head of Camouflage Department, Warrior - Egoz Unit, IDF

- Completed specialized courses in Anti-terror, Snipers and Commanders training.
- Served extra time to serve as **Head of Camouflage Department**, training recruits, auditing equipment, and implementing new technologies to the battlefield.

ACHIEVEMENTS

Won 1st and 2nd place (2013 & 2014) in Microsoft “Innovate for good” competitions

- Collaborated with designers and entrepreneurs to develop mobile applications solving problems for associations.
